

Western columbine
Aquilegia formosa - seed

Photographer: Kathi Dowdakin

Plant Type: Perennial Evergreen
Flower Color: Red-orange
Flowering Time: May to September
Height: 1.5 - 3 feet
Width: 1 feet
Exposure: Shade
Water Req.: Moderate -every 2-3 weeks to Moist
Habitat Value: Hummingbirds

03

Comments and Maintenance:

Great for color in the shade. Grows along stream so does need some water. Seed can be spread where wanted in the fall, before rain begins, then covered with a light dusting of compost or soil.
