

Elk clover/Spikenard

Aralia californica

Photographer: Darlene LaMont

- Plant Type: Perennial
Flower Color: White
Flowering Time: June to August
Height: 7-8 feet
Width: 5 feet
Exposure: Shade
Water Req.: Moist - do not allow soil to become completely dry.
Habitat Value: Birds

Comments and Maintenance:

Deer resistant. Winter dormant, leaves a gap in garden.
Handsome in fall when leaves turn yellow and flowers are replaced by dark red-purple berries.
