

Santa Rosa Island Sage
Salvia brandegeei 'Pacific Blue'

Photographer: Phil Van Soelen

- Plant Type: Shrub Evergreen
- Flower Color: Lavender
- Flowering Time: May to July
- Height: 4-6 feet
- Width: 4-6 feet
- Exposure: Mon
- Water Req.: Occasional - once a month or so, depending on temperatures and wind.
- Habitat Value: Bees, butterflies, hummingbirds

Comments and Maintenance:

Dark green, aromatic leaves, lighter on the undersides. Flowers appear in widely spaced whorls, held above foliage. Help preserve this plant that is rare in the wild by adding it to your garden.
