

Yellow-eyed Grass
Sisyrinchium californicum

Photographer: Phil Van Soelen

Plant Type: Bulb type plant Deciduous
Flower Color: Yellow
Flowering Time: April to June
Height: 1 feet
Width: 1 feet
Exposure: Sun-part shade
Water Req.: Moist - do not allow soil to become completely dry.

02

Habitat Value:

Comments and Maintenance:

This lovely yellow flowered bulb does need moisture. Great for a swale or area in the garden that stays moist. Great for heavier soil that is poorly drained. Will reseed if seed pods left on plant.
