

Woolly blue-curls
Trichostema lanatum - Seed

Photographer: Kathi Dowdakin

- Plant Type: Shrub Evergreen
Flower Color: Blue-purple
Flowering Time: March to June
Height: 2.5-5 feet
Width: 3-4 feet
Exposure: Sun
Water Req.: Dry - no water once established, unless severe drought.
Habitat Value: Hummingbirds, native bees

Comments and Maintenance:

Nice small shrub that is very drought tolerant. In early spring soak seed overnight. Drain and put in ziploc bag with equal amount of perlite. Put in refrigerator for 2 months. Remove and sow 4-5 seed in pot filled with good potting media. Transplant to gallon cans when 4-5 leaves showing. Plant in garden in the fall.
