

Calif. Grape
Vitis californica 'Russian River'

Photographer: Phil Van Soelen

Plant Type: Vine Deciduous
Flower Color: Purple-red fall leaf
Flowering Time: April to
Height: 30 feet
Width: 10 feet
Exposure: Sun-part shade
Water Req.: Moderate to drought tolerant
Habitat Value: Food and cover for wildlife

02

Comments and Maintenance:

Hybrid between the native *Vitis californica* and the European wine grape *Vitis vinifera*. Provides plum red foliage in the fall. Originates along the Russian River near Rio Nido in Sonoma County.
