Bush sunflower

Encelia californica

Photographer Aaron Arthur

Plant Type:	Shrub	Evergreen
Flower Color:	Yellow	
Flowering Time:	March to May	
Height:	4	feet
Width:	5	feet
Exposure:	Sun	
Water Req.:	Occasional-monthly or when soil dry down to 8-10"	
Habitat Value:	Pollinators	

Comments and Maintenance:

This small shrub is from Southern California so not good under 30 degrees. Large 2" flowers, make it worth a try. Important nectart plant for butterflies. Prune almost to ground after flowering. It wll sprout back. If happy, it can spread and get floppy, just keep long stems pruned back
