Volunteers will learn about California native gardening while gazing out at the Pacific Ocean at the Point Vicente Interpretive Center. The garden provides important habitat for endangered species and inspires people to plant local. The volunteer maintenance of the garden is critical to it's success.

Volunteers will be pruning, weeding, watering, spreading or collecting native seeds, planting, and mulching the oceanside garden. Volunteers receive training on proper garden techniques that they can use at home and enjoy an enriching educational experience in a beautiful oceanside setting.
